# CTAC Working Groups - 2017

---

# Clinical Trials Strategic Assessment Working Group Charge

---

- Assess the **strategic clinical trial priorities** established by the Scientific Steering Committees collaboratively with the NCTN groups in 2015
  - Assess the process for establishing the priorities
- Perform clinical trial **portfolio assessments**
  - Assess the quality and objectivity of the *individual* strategic clinical trial portfolio assessments conducted by the SSCs
  - Perform a *cross-portfolio* assessment **across** SSCs

***Focused on the ongoing work of the NCTN Groups/NCORP Research Bases and the SSCs and providing advice on mid-course corrections***

# Ongoing and New Business

---

- **Working Group Updates**

- **Future Agenda Items**

- Propose forming a small group to work with NCI and the CTAC Chair to assist with planning CTAC meetings and other activities
  - Establish priority of topics for presentation at CTAC meetings
  - Identify emerging issues and other topics
