

TRWG Report Implementation

There is science and the application of science, and these two are linked as the fruit is to the tree
Louis Pasteur, 1822-1895

Lynn M. Matrisian, Ph.D.

February 6, 2008

TRWG Report: "Transforming translation - harnessing discovery research for patient and public benefit"

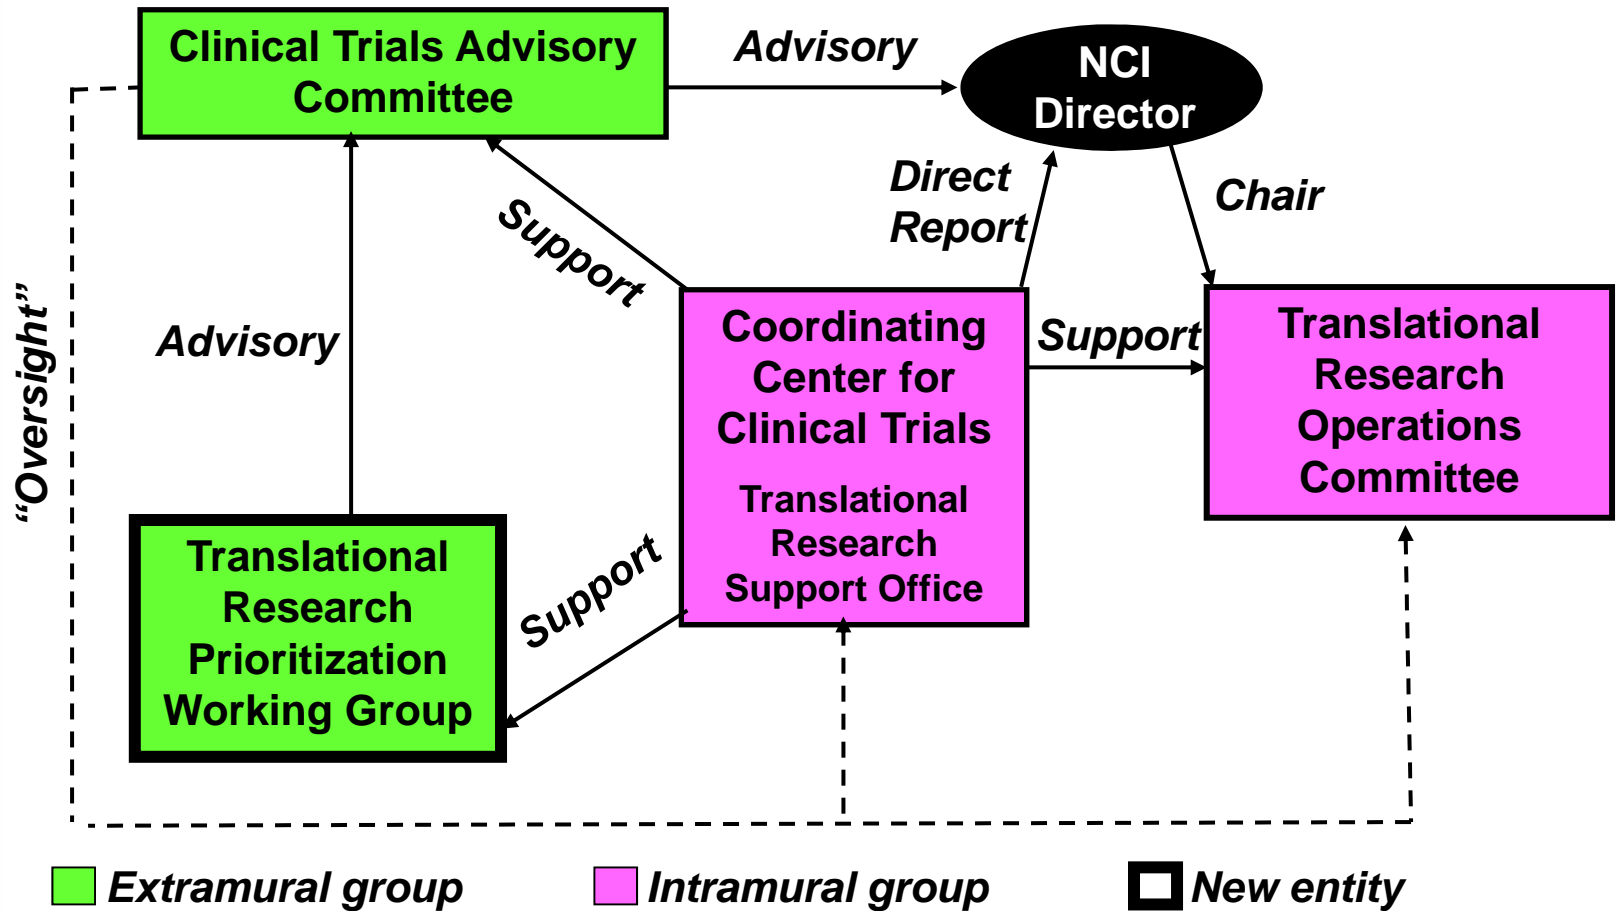

Accepted by the NCAB June, 2007

IMPLEMENTATION TIMELINE:

Initiative	FY08	FY09	FY10	FY11	FY12
A1 Integrated NCI Management	[Active]				
A2 Budget Designation		[Active]			
A3 TR Coding	[Active]				
A4 Prioritization Process	[Active]				
B1 Modify TR Award Guidelines	[Active]				
B2 Improve Inv-Init TR Awards		[Active]			
B3 STRAP Awards		[Active]			
B4 Acad/Ind Collab Awards				[Active]	
B5 Integrated Develop Services		[Active]			
C1 Project Management		[Active]			
C2 Core Services Coordination	[Active]				
C3 Enhance Biorespositories	[Active]				
C4 Improve IP Negotiations	[Active]				
C5 Enhance Fdn/AdvGrp Collab	[Active]				
C6 Enhance Training/Incentives		[Active]			
Evaluation	[Active]			[Active]	

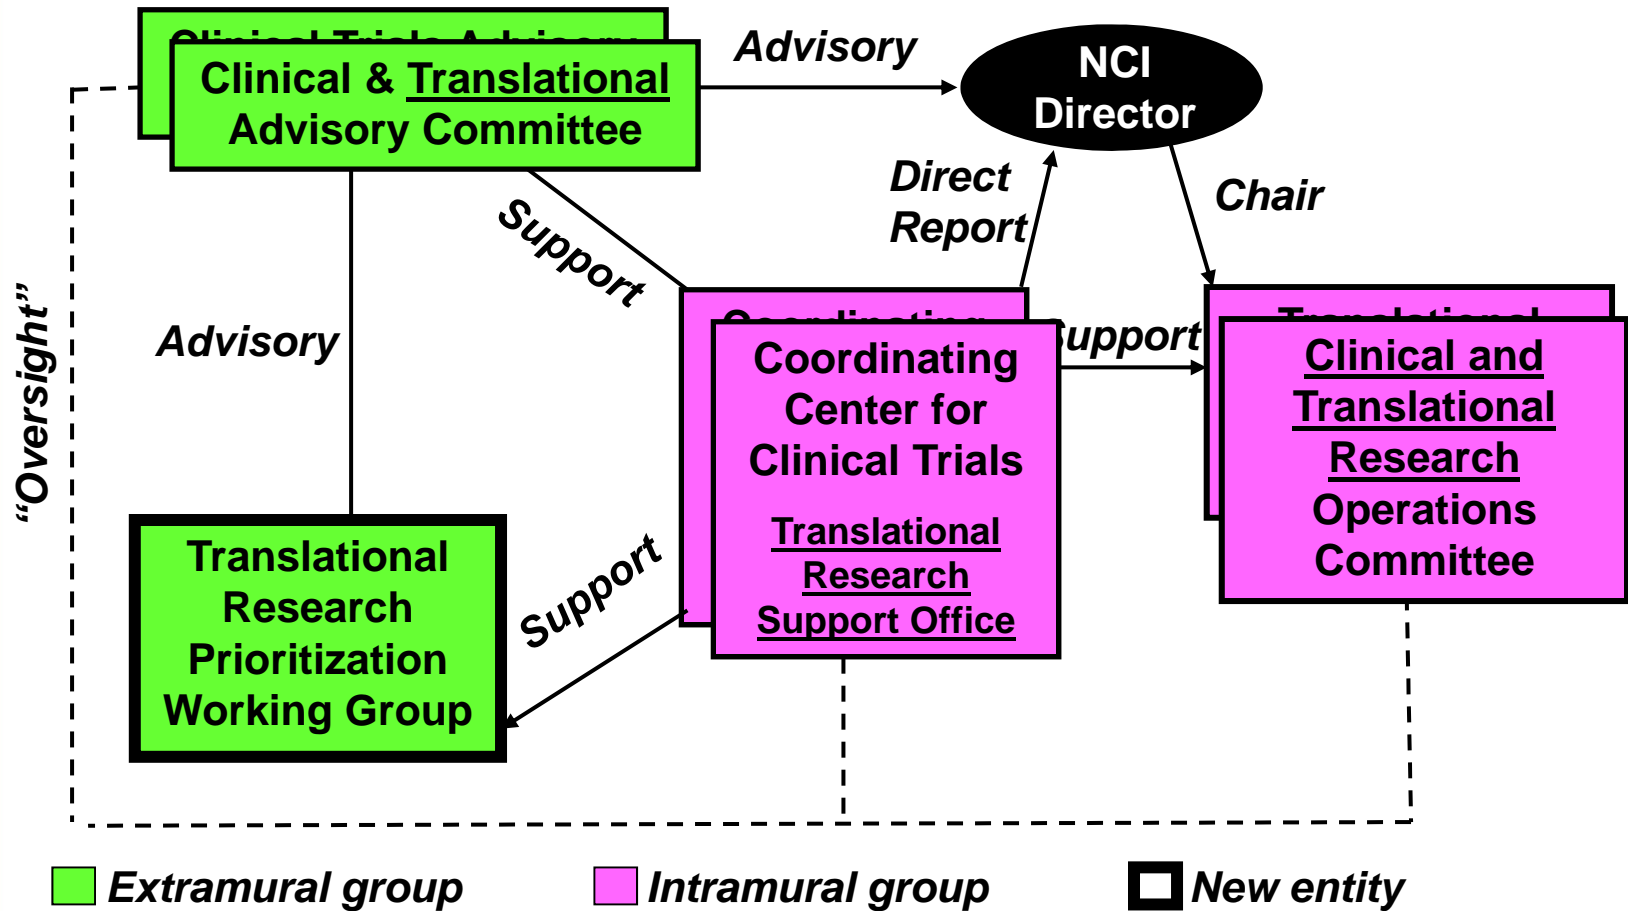

A1: Flexible, Integrated Organizational Approach

A1: Flexible, Integrated Organizational Approach

Expansion of CTWG-created Advisory Committee

- **“Clinical Trials Advisory Committee” becomes “Clinical and Translational Advisory Committee” (CTAC to CTAC)**
 - Efficient “piggy-backing” on existing structure
 - Value in having a single body oversee entire spectrum of early and late translational research
 - Implementation:
 - Charter change to incorporate Translational Research
 - Additional members with translational research expertise

NCI Internal Organizational Changes

- **“Clinical Trials Operating Committee” becomes “Clinical and Translational Research Operating Committee” (CTOC to CTROC)**
 - Additional representation from the Division of Cancer Biology
 - Additional representation from the Office of Technology Transfer
 - Agenda to focus on CTWG once/month, TRWG once/month
- **“Coordinating Center for Clinical Trials” (CCCT) expands to incorporate mission of the Translational Research Support Office (TRSO).**
 - Lynn Matrisian (50% IPA)
 - Additional staff

Action Items

- **Modify CTAC Charter to reflect expansion of responsibilities**
- **Add members to the CTAC to provide additional translational research expertise**
- **Expand Coordinating Center for Clinical Trials to incorporate Translational Research Support Office functions**

TRWG Report: "Transforming translation - harnessing discovery research for patient and public benefit"

Initial discussions with CTAC Working Group, Feb 4 2008
