Translational Research Strategy Subcommittee

- **Purpose:** To provide broad advice to CTAC, NCAB, and BSA and NCI leadership on enhancing and broadening the overall translational research portfolio.

- Specifically, the TRSS will survey scientific horizons broadly to:
  - Help identify the most provocative and impactful translational research questions
  - Examine and identify the most important opportunities for application of new technologies to translational research
  - Identify translational research knowledge gaps

- Initial focus areas: Glioblastoma & Radiation Oncology

- Co-Chairs: Chi Dang, M.D., Ph.D., The Wistar Institute
  Nancy Davidson, M.D., Fred Hutchinson
