

NCI Clinical Trials and Translational Research Advisory Committee
***Ad hoc* Working Group on Streamlining Clinical Trials**

Mission Statement

The National Cancer Institute (NCI) Clinical Trials and Translational Research Advisory Committee (CTAC) will convene an *ad hoc* Working Group to address the implementation of the [CTAC Strategic Planning Working Group's recommendations](#) around streamlining NCI's clinical trials. The Working Group will advise NCI on ways to limit data collection in clinical trials as well as optimize the utilization of Electronic Health Records (EHRs) to support clinical trials.

Working Group membership will include select CTAC members with relevant expertise.

The Working Group will advise the CTAC and the NCI Director.
