Ad Hoc Working Group on SBIR/STTR

The National Cancer Advisory Board (NCAB) will convene a Working Group to provide general guidance to the NCI regarding the Small Business Innovation Research (SBIR) and Small Business Technology Transfer Research (STTR) programs. The Working Group is charged with providing guidance to increase small business and private sector participation in developing and commercializing novel technologies and products. This will include focusing on award size; application, review and award process; training; and novel funding mechanisms for the SBIR/STTR programs.

Working Group membership will include select NCAB members, as well as individuals with expertise in small business, technology development, and translational research.

The Working Group will advise the National Cancer Advisory Board and the NCI Director.
