# President’s Cancer Panel Recommendations and Responsible Stakeholders

## Goals and Objectives

<table>
<thead>
<tr>
<th>Goal 1: Reduce Missed Clinical Opportunities to Recommend and Administer HPV Vaccines</th>
<th>Responsible Stakeholder(s) and Other Entities</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Objective 1.1</strong>: CDC should develop, test, disseminate, and evaluate the impact of integrated, comprehensive communication strategies for physicians and other relevant health professionals.</td>
<td>Centers for Disease Control and Prevention</td>
</tr>
<tr>
<td><strong>Objective 1.2</strong>: Providers should strongly encourage HPV vaccination of age-eligible males and females whenever other vaccines are administered.</td>
<td>Healthcare providers, Health professionals organizations (e.g., American Academy of Pediatrics, American Academy of Family Physicians, American College of Obstetricians and Gynecologists, Society for Adolescent Health and Medicine)</td>
</tr>
<tr>
<td><strong>Objective 1.3</strong>: Healthcare organizations and practices should use electronic office systems, including electronic health records (EHRs) and immunization information systems (IIS), to avoid missed opportunities for HPV vaccination.</td>
<td>Centers for Disease Control and Prevention, Health professionals organizations (e.g., American Academy of Pediatrics, American Academy of Family Physicians, American College of Obstetricians and Gynecologists, Society for Adolescent Health and Medicine)</td>
</tr>
<tr>
<td><strong>Objective 1.4</strong>: Healthcare payers should reimburse providers adequately for HPV vaccines and for vaccine administration and services.</td>
<td>Health insurance companies, America’s Health Insurance Plans, Medicaid, Healthcare organizations</td>
</tr>
<tr>
<td><strong>Objective 1.5</strong>: The current Healthcare Effectiveness Data and Information Set (HEDIS) quality measure for HPV vaccination of adolescent females should be expanded to include males.</td>
<td>National Committee for Quality Assurance</td>
</tr>
<tr>
<td><strong>Objective 1.6</strong>: Create a <em>Healthy People 2020</em> HPV vaccination goal for males.</td>
<td>U.S. Department of Health and Human Services</td>
</tr>

## Goal 2: Increase Parents’, Caregivers’, and Adolescents’ Acceptance of HPV Vaccines

| **Objective 2.1**: CDC should develop, test, and collaborate with partner organizations to deploy integrated, comprehensive communication strategies directed at parents and other caregivers, and also at adolescents. | Centers for Disease Control and Prevention |
### Goal 3: Maximize Access to HPV Vaccination Services

| Objective 3.1: Promote and facilitate HPV vaccination in venues outside the medical home. | State and local health departments  
State legislatures  
American Pharmacists Association |
|---|---|
| Objective 3.2: States should enact laws and implement policies that allow pharmacists to administer vaccines to adolescents, including younger adolescents. | State legislatures  
Health professionals organizations (e.g., American Academy of Pediatrics, American Academy of Family Physicians, American College of Obstetricians and Gynecologists, Society for Adolescent Health and Medicine)  
American Pharmacists Association |
| Objective 3.3: Overcome remaining barriers to paying for HPV vaccines, including payment for vaccines provided outside the medical home and by out-of-network or nonphysician providers. | Health insurance companies, health insurance exchanges  
America’s Health Insurance Plans  
State insurance commissions |

### Goal 4: Promote Global HPV Vaccine Uptake

| Objective 4.1: The United States should continue its collaboration with and support of GAVI to facilitate HPV vaccine introduction and uptake in low-income countries. | The President  
Congress  
U.S. Department of Health and Human Services  
- Centers for Disease Control and Prevention  
- National Cancer Institute  
U.S. Agency for International Development |
|---|---|
| Objective 4.2: The United States should continue to support global efforts to develop comprehensive cancer control plans and cancer registries in low- and middle-income countries. | The President  
Congress  
U.S. Department of Health and Human Services  
- Centers for Disease Control and Prevention  
- National Cancer Institute |

### High-Priority Research to Advance Prevention of HPV-Associated Cancers

| U.S. Department of Health and Human Services  
- Centers for Disease Control and Prevention  
- National Institutes of Health  
Pharmaceutical and biotechnology companies  
Other public and private funders of biomedical research |
