PRESIDENT'S CANCER PANEL

**Thursday, December 4, 2008
Charleston, South Carolina
Doubletree—Historic District**

The focus of this meeting will be:

- Health effects on populations living in areas with high levels of air or water pollution
- Effectiveness of current U.S. regulatory system policies on air and water pollutants
- Health effects on the U.S. population from air pollutants produced by countries with little or no environmental regulations

For more information, please visit <http://pcp.cancer.gov>
or contact Karen Parker at klparker@mail.nih.gov, or (301) 451-9462.

No registration required

This meeting is free and open to the public. Proceedings will be recorded.
